Christian Martyrdom in Late Antiquity (300-450 AD) Peter Gemeinhardt
2012-07-04 The present volume's focus lies on the formation of a multifaceted discourse on Christian martyrdom in Late Antiquity. While martyrdom accounts remain a central means of defining Christian identity, new literary genres emerge, e.g., the Lives of Saints (Athanasius on Antony), sermons (the Cappadocians), hymns (Prudentius) and more. Authors like Eusebius of Caesarea and Augustine employ martyrological language and motifs in their apologetical and polemic writings, while the Gesta Martyrum Romanorum represent a new type of veneration of the martyrs of a single site. Beyond

the borders of the Roman Empire, new martyrs' narratives can be found. Additionally, two essays deal with methodological questions of research of such sources, thereby highlighting the hitherto understudied innovations of martyrology in Late Antiquity, that is, after the end of the persecutions of Christianity by Roman Emperors. Since then, martyrology gained new importance for the formation of Christian identity within the context of a Christianized imperium. The volume thus enlarges and specifies our knowledge of this fundamental Christian discourse.

Scorch A. D. Nauman 2001-11-20 In the future world of Scorch, America is run by a "corporacracy." Three conglomerates have taken control not by force but by manipulating common beliefs and values through the media, and particularly by playing on Americans' fears of Big Brother. Consumerism and privatization have run amok in this landscape of flashing screens and subtle brainwashing, a world where even city streets and public schools are run by big business. This is a darkly comic first novel of a dystopian future, with echoes of 1984 and Brave New World.

The Holy Machine Chris Beckett

2010-07-01 George Simling has grown up in the city-state of Illyria, an enclave of logic and reason founded as a refuge from the Reaction, a wave of religious fundamentalism that swept away the nations of the twenty-first century. Yet to George, Illyria's militant rationalism is as stifling as the faith-based superstition that dominates the world outside its walls. For George has fallen in love with Lucy. A prostitute. A robot. She might be a machine, but the semblance of life is perfect. To the city authorities, robot sentience is a malfunction, curable by erasing and resetting silicon minds. But George knows that Lucy is something more. His only alternative is to flee Illyria, taking Lucy deep into the religious Outlands where she must pass as human

Extreme Economies Richard Davies
2020-07-20 To predict our future, we must look to the extremes. So argues the economist Richard Davies, who takes readers to the margins of the modern economy and beyond. These extreme economies illustrate the forces that test human resilience, drive societies to failure, and promise to shape our collective future. Reviving a foundational idea from the medical sciences, *Extreme Economies* turns the logic of modern economics on its head by arguing that these outlier societies can teach us more about our own than we might imagine. By adapting to circumstances unimaginable to most of us, the

people in these societies are pioneering the economic infrastructure of the future.

Katie's Cabbage Katie Stagliano
2014-12-12 Katie's Cabbage is the inspirational true story of how Katie Stagliano, a third grader from Summerville, South Carolina, grew a forty-pound cabbage in her backyard and donated it to help feed 275 people at a local soup kitchen. In her own words, Katie shares the story of the little cabbage seedling and

the big ideas of generosity and service that motivated her to turn this experience into Katie's Krops, a national youth movement aimed at ending hunger one vegetable garden at a time. Katie's Cabbage reminds us of how small things can grow and thrive when nurtured with tender loving and care and of how one person, with the support of family, friends, and community, can help make a powerful difference in the lives of so many. Katie's Cabbage was illustrated by Karen Heid, associate professor of art education at the University of South Carolina School of Visual Art and Design. And before she can even catch her breath, they're in the back of an ambulance, she's holding his hand. At the hospital, upset and scared, Isla meets Harry. Unlike the boys at school, he doesn't laugh when she tells him about her love of birds. He listens. But what is he doing there? As Isla struggles with her father's frailty and the new feelings she has for Harry, she's determined to help the only way she knows how. Outside the hospital windows, Isla watches a lone whooper swan struggling to fly. If only she could save the lost bird, would that somehow heal her dad, and cure Harry, and make everything good again? By

Janey the Vet Janey Lowes 2020-03-19
'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in

County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and

As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.
