John and Liz Soars 1998-07-30 The listening and reading texts are drawn from a range of authentic sources. An in-depth treatment of grammar enables students to work out grammatical rules and helps them achieve greater accuracy through a better understanding of how language works. There is a thorough skills syllabus, with all four skills systematically developed and integrated through related tasks. There is extensive work on vocabulary, with particular emphasis on the most frequently used verbs, phrasal verbs, idioms, and

compounds. Integrated pronunciation practice is provided throughout. 'Postscript' sections provide an opportunity to practise everyday English in situations (such as airports and hotels), or survival areas (such as telephones and directions). There is a particular focus on the grammar of spoken English. The topics - including homelessness, pre-nuptial agreements, and the effects of tourism - have all been chosen to appeal to adults and young adults.

New Headway english course upper-intermediate. Liz Soars 2000 New Headway English Course takes the successful Headway series into an exciting new era. It introduces new features to challenge adult and young adult students and ensure that learning English is interesting and motivating. The course combines the best of traditional

methods with more recent approaches, to help students use English both accurately and fluently. Learners at the upper-intermediate level require a different approach. It is no longer appropriate to examine language items in isolation. In New Headway Upper-intermediate, grammatical areas are treated in greater depth so that students begin to perceive the systems that underlie the language. This new upper-intermediate course provides around 120 hours of language learning. It follows on from New Headway Intermediate, and together with Headway Elementary, Headway Pre-intermediate, and Headway Advanced, provides a fully comprehensive language teaching series. Key features:

- New, universal topics selected from a wide variety of sources, including authentic listening texts.
- In-depth treatment of grammar: Each unit starts with a Test your grammar section, followed by Language in context, where students work out rules through Grammar questions. The Practice Bank provides a choice of wide-ranging exercises and the Grammar Reference gives detailed rules of form and use.
- The grammar of spoken English is examined, with work on areas such as being polite, linking and commenting adverbs, exaggeration and understatement, and lexis in discourse.
- Thorough skills syllabus: All four skills are developed systematically and integrated through related tasks.
- Well-defined lexical syllabus with work on systems such as collocation, binomials, homonyms, and compounds.
- Pronunciation practice is integrated at appropriate points throughout the units.
- Everyday English is practised in the Postscript section. In addition to the Student's Book, there is a Teacher's Book with extra photocopiable activities, two Class Cassettes, a Workbook, and an optional Workbook Cassette. This level

is supplemented by Headway Upper-intermediate Video and New Headway Upper-intermediate Pronunciation.
