The Most Unlikely Champion Vera Koo 2017-10-18 Vera Koo enrolled in a firearm safety course because she was afraid of guns. Goals are important to Vera, so she set hers high, completing the beginner's course, and eventually becoming the best shooter in her advanced class. Her instructor suggested she reach for an even higher goal with competitive shooting. And she did. With unflinching focus and determination, Vera became one of the most accomplished shooters ever. At age 70, she's an eight-time women's division winner of the prestigious Bianchi Cup Action Pistol Championship. She's the first woman to place in the Top 20 in the Bianchi Cup competition. Vera's story is more than that of a petite Asian woman becoming a top competitor in the male-dominated sport shooting world. It's the story of a Chinese immigrant, raised in a traditional Chinese culture, where women deferred to their husbands and kept to their socio-economic class, succeeded in America. Vera is a successful businesswoman, accomplished athlete, and a loving wife and mother. It was never an 'either or' for Vera, it's about meeting life's challenges head-on with dogged persistence, grace, humility—and humor. With faith in herself and God, Vera has survived unexpected tragedies, tremendous hurt, and betrayal. And yet, her story is about hope, love, compassion, and forgiveness. Through all the twists and turns in her life, Vera shows us how the same grit that made her a world class athlete, helped her find joy. "Search for something you're good at," Vera says, "and it will take you far." - Vera

How to Talk to Your Cat About Gun Safety Zachary Auburn 2016-10-04 The cats of America are under siege! Long gone are the good old days when a cat's biggest worries were mean dogs or a bath. Modern cats must confront satanists, online predators, the possibility of needing to survive in a post-apocalyptic wasteland, and countless other threats to their nine lives. For over four decades, the American Association of Patriots have stood at the vanguard of our country's defense by helping to prepare our nation's cat owners for the difficult conversations they dread having with their pets. Written in a simple Q&A format, *How to Talk to Your Cat About Gun Safety* answers crucial questions such as, "What is the right age to talk to my cat about the proper use of firearms?" and "What are the benefits of my cat living a lifestyle of abstinence?" and especially "Why does my cat need to use the internet? Can't he just play with yarn like cats used to do?" Our country—and our cats—stand at a precipice. It will take courage, and it will take hard work, but armed with the knowledge within these pages, we can make our cats—and America—great again!

Taking Your First Shot Lynne Finch 2013-06-13 Numbers don't lie; more and more women are purchasing guns and learning to shoot! While shooting used to be a male-dominated sport, women across the country have begun discovering that a trip to the range not only is relaxing, but also brings with it a sense of strength and empowerment. *Taking Your First Shot* is an introductory guide perfect for either those stepping out onto the range for the first time or those looking to brush up on their skills. Author Lynne Finch coaches women on the decision to learn to shoot, how to find formal training, selecting and purchasing a handgun, defensive versus practice ammunition, storing and caring for your gun, and concealed carry options. Along with learning the shooting basics, Finch also teaches readers the importance of situational awareness and the basics of self-defense. Sometimes a gun isn't always an answer, and it's important to have a proportional response to the situation. Finch begins with teaching readers how to become aware of their surroundings, what to watch for, and how to respond. From there, she goes on to define proportional response and why carrying pepper spray, a kubotan, or even a whistle can make all the difference. Learning to shoot is a personal decision, but with the proper training and practice, shooting can become both an enjoyable and liberating sport.

Shades of Silence Liz Lazarus 2021-04-27 *Shades of Silence* depicts the resilience of a woman faced with devastating loss, the unexpected friendship forged from tragedy and the recurring societal themes that confront every generation. The book tells the story of Julianna Sandoval who is living in limbo. Her husband's plane has vanished over the Atlantic Ocean and although the Coast Guard has suspended the search, she clings to hope that he'll still be found alive. Three months

later, a young woman appears after hours at Julianna's Ormond Beach restaurant, declaring, "He's not who you think he is." Before the stranger can say anything else, a gunshot through the window kills her instantly. Seasoned detective Paul Grant is assigned to investigate the girl's murder. He senses that the shooting was not random but doesn't know the connection to his only witness. Was the girl referring to Julianna's presumed dead husband, her lazy stepson, her shady bar manager, or someone else? The investigation leaves Julianna wondering who she can trust and culminates with an eerie link to the past that no one sees coming.

Gunfight Ryan Busse 2021-10-19 A former firearms executive pulls back the curtain on America's multibillion-dollar gun industry, exposing how it fostered extremism and racism, radicalizing the nation and bringing cultural division to a boiling point. As an avid hunter, outdoorsman, and conservationist—all things that the firearms industry was built on—Ryan Busse chased a childhood dream and built a successful career selling millions of firearms for one of America's most popular gun companies. But blinded by the promise of massive profits, the gun industry abandoned its self-imposed decency in favor of hardline conservatism and McCarthy-esque internal policing, sowing irreparable division in our politics and society. That drove Busse to do something few other gun executives have done: he's ending his 30-year career in the industry to show us how and why we got here. *Gunfight* is an insider's call-out of a wild, secretive, and critically important industry. It shows us how America's gun industry shifted from prioritizing safety and ethics to one that is addicted to fear, conspiracy, intolerance, and secrecy. It recounts Busse's personal transformation and shows how authoritarianism spreads

in the guise of freedom, how voicing one's conscience becomes an act of treason in a culture that demands sameness and loyalty. Gunfight offers a valuable perspective as the nation struggles to choose between armed violence or healing. *Firearm Fundamentals* - UT Gary L. Citizen-Protectors Jennifer Carlson 2015-04-01 From gang- and drug-related shootings to mass shootings in schools, shopping centers, and movie theatres, reports of gun crimes fill the headlines of newspapers and nightly news programs. At the same time, a different kind of headline has captured public attention: a steady surge in pro-gun sentiment among Americans. In *Citizen-Protectors*, Jennifer Carlson offers a compelling portrait of gun carriers, shedding light on Americans'

complex relationship with guns. Delving headlong into the world of guns, Carlson participated in firearms training classes, attending pro-gun events, and carried a firearm herself. Through these experiences, she explores the role guns play in the lives of Americans who carry them and shows how, against a backdrop of economic insecurity and social instability, gun carrying becomes a means of being a good citizen. A much-needed counterpoint to the rhetorical battles over gun control, *Citizen-Protectors* is a captivating and revealing look at gun culture in America, and a must-read for anyone with a stake in this heated debate.

California Gun Laws C. D. Michel 2019 Having firearms for self-defense, sport, and hunting is your individual constitutional right. But exercising that right carries extraordinary responsibilities. Along with your responsibility to know and follow safety procedures, you have an obligation to comply with all applicable state, federal, and local laws. [This book] explores and explains the California laws that affect firearm owners. There are over 800 California state statutes regulating the manufacture, distribution, sale, possession, and use of firearms. There are thousands of overlapping federal laws regulating firearms. And there are hundreds of administrative regulations, local ordinances, and California Department of Justice Bureau of Firearms' written and unwritten policies that also apply to California gun owners. With all the overlapping regulations, it's no wonder that confusion runs rampant among California gun owners, as well as among police, prosecutors, and judges.

FIREARM SAFETY CERTIFICATE - M California Department of Justice 2016-12-01 The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..

Safe N Secure Defensive Pistol Training Manual Bernard M. Martinage 2013-04 In a growing world of firearm enthusiasts and shooting opportunities ranging from plinking to practical shooting competitions, the Continental Army US thought it was necessary to develop a program to answer the demand for basic Practical Defensive Shooting. We must differentiate action shooting activities such as the respectable IDPA (International Defense Pistol Association), IPSC (Institute for the Protection of the Citizen) and NRA Action Pistol from actual combat techniques designed to help you have the upper hand in a situation where you need to use a gun for the purpose of self-defense.. Competition is fun, and so is winning; however, the skills required engaging an opponent who is shooting back are quite different. The best analogy we can make is to compare this with race-car drivers. A NASCAR driver has skills that a defensive driver doesn't have. Therefore, if you will encounter a situation where the need arises for you to protect yourself or your family using deadly force, it will likely be on the street or your home and not in a shooting range. This program is designed to assist you in building the skills, strength and mental preparedness to effectively fight when it matters most. You will not and cannot win a shooting competition using the skills presented in this manual, because what is required to win a competition is tactically opposite of what you will learn here. In the real world there is . . .
- No clock to beat, - No room for shortcuts, - No time for previewing the fight, - No chance to know where and when the threat will come from, - No certainty about when it will start or stop, - No "re-shoot" opportunity, - Definite terrible consequences for mistakes.
