The Woman Who Can't Forget Jill Price
2008-05-06 Jill Price has the first diagnosed case of a memory condition called "hypermthymestic

syndrome" -- the continuous, automatic, autobiographical recall of every day of her life since she was fourteen. Give her any date from that year on, and she can almost instantly tell you what day of the week it was, what she did on that day, and any major world event or cultural happening that took place, as long as she heard about it that day. Her memories are like scenes from home movies, constantly playing in her head, backward and forward, through the years; not only does she make no effort to call her memories to mind, she cannot stop them. The Woman Who Can't Forget is the beautifully written and moving story of Jill's quest to come to terms with her extraordinary memory, living with a condition that no one understood, including her, until the scientific team who studied her finally charted the extraordinary terrain of her abilities. Her fascinating journey speaks volumes about the delicate dance of remembering and forgetting in all of our lives and the many mysteries about how our

memories shape us. As we learn of Jill's struggles first to realize how unusual her memory is and then to contend, as she grows up, with the unique challenges of not being able to forget -- remembering both the good times and the bad, the joyous and the devastating, in such vivid and insistent detail -- the way her memory works is contrasted to a wealth of discoveries about the workings of normal human memory and normal human forgetting. Intriguing light is shed on the vital role of what's called "motivated forgetting"; as well as theories about childhood amnesia, the loss of memory for the first two to three years of our lives; the emotional content of memories; and the way in which autobiographical memories are normally crafted into an ever-evolving and empowering life story. Would we want to remember so much more of our lives if we could? Which memories do our minds privilege over others? Do we truly relive the times we remember most vividly, feeling the emotions that coursed through us then? Why do

we forget so much, and in what ways do the workings of memory tailor the reality of what's actually happened to us in our lives? In *The Woman Who Can't Forget*, Jill Price welcomes us into her remarkable life and takes us on a mind-opening voyage into what life would be like if we didn't forget -- a voyage after which no reader will think of the magical role of memory in our lives in the same way again.

Blackout Sarah Hepola 2015-06-23
'Extraordinary... Writing with warmth and wit'
Independent 'It's such a savage thing to lose

your memory, but the crazy thing is, it doesn't hurt one bit. A blackout doesn't sting, or stab, or leave a scar when it robs you. Close your eyes and open them again. That's what a blackout feels like.' For Sarah Hepola, alcohol was 'the gasoline of all adventure'. She spent her evenings at cocktail parties and dark bars where she proudly stayed till last call. Drinking felt like freedom, part of her birthright as an enlightened twenty-first-century woman. But there was a price. She often blacked out, waking up with a blank space where four hours should be. Mornings became detective work on her own life. What did I say last night? How did I meet that guy? Publicly, she covered her shame with self-deprecating jokes, and her career flourished, but as the blackouts accumulated, she could no longer avoid a sinking truth. The fuel she thought she needed was draining her spirit instead. THE NEW YORK TIMES BESTSELLER A memoir of unblinking honesty and poignant, laugh-out-loud humour,

BLACKOUT is the story of a woman stumbling into a new adventure—the sober life she never wanted. Shining a light into her blackouts, she discovers the person she buried, as well as the confidence, intimacy, and creativity she once believed came only from a bottle. Her tale will resonate with anyone who has been forced to reinvent themselves or struggled in the face of necessary change. It's about giving up the thing you cherish most—but getting yourself back in return. A raw, vivid and ultimately uplifting memoir of addiction and recovery for anyone who is looking to find their way.

We Are so Loved Jill Lambert 2017-09-22 When we hear stories of spontaneous healing, assistance from angels and loved ones who've

passed, the laws of physics bending or even breaking to save someone, and people using their divine creative power to claim what they desire despite appearances, our beliefs change about what is possible for us. *We Are So Loved* is about such miracles and more. Many of these stories may seem too fantastic to be true, but they are. As you read them, maybe you'll remember some of your own miracles that you discounted as just a coincidence, luck, or just your imagination. The mystical, miraculous experiences I've had since childhood, the stories others have shared with me of divine assistance and moments of grace, as well as the miraculous healings I witness as a Reconnective Healing Practitioner, have changed my beliefs about what is possible and continue to transform my world for the better on every level of my being. That's what I want for you, and why I'm sharing them in this book. I hope they inspire you to think and believe a little bigger and better than you did before you read them as you realize how

Loved you are, Who You Really Are, and how possible the impossible really is. The miraculous experiences in this book are what fuel my life's mission to share the truth of how Loved we are and how powerful we are when we align with the Love that is our Source of being. I hope these stories remind you of the God Within you and all life on this planet, that they awaken an awareness of the Love and well-being that is constantly flowing to you, and help you release the limiting beliefs that have kept you from allowing into your life all that your heart desires. We Are So Loved is my first book, and just the beginning of much more to come. Jill Lambert *In the Company of Others* J. What I Remember Millicent Garrett Fawcett
2021-08-05 "However benevolent men may be in their intentions, they cannot know what women want and what suits the necessities of women's lives as well as women know these things themselves." Fawcett was only 19 years old when she launched a petition for women's suffrage and 22 when she began her political career. An English politician, writer and feminist, Fawcett fought tirelessly to give women a right to vote and the chance to gain higher education. Although Fawcett made outstanding contributions to women's suffrage

and was one founder of Newnham's College, Cambridge, one of the first English Universities for women, she is not as famous as one would expect. "What I Remember," corrects this. It is the story of an extraordinary feminist trailblazer whom history almost forgot, but whose impact is still felt today. Stories of extraordinary women are often ignored, but Fawcett's is one that can't be. Hers is a story of strength, resilience and the fervent pursuit of all that benefits women. And, there is no better time than now to read the amazing story of the woman who won citizenship for women.

Till Next We Meet Karen Ranney 2009-10-13 In a departure from her nationally bestselling Highland Lord series, Karen Ranney brings us another emotionally intense and passionate story that will speak to her fans. When Adam Moncrief, Colonel of the Highland Scots Fusiliers, agrees to write a letter to Catherine Dunnan, one of his officers' wives, a forbidden correspondence develops and he soon becomes

fascinated with her even though Catherine thinks the letters come from her husband, Harry Dunnan. Although Adam stops writing after Harry is killed, a year after his last letter he still can't forget her. Then when he unexpectedly inherits the title of the Duke of Lymond, Adam decides the timing is perfect to pay a visit to the now single and available Catherine. What he finds, however, is not the charming, spunky woman he knew from her letters, but a woman stricken by grief, drugged by laudanum and in fear for her life. In order to protect her, Adam marries Catherine, hoping that despite her seemingly fragile state, he will once again discover the woman he fell in love with.

As Much As Words Can Tell Leonidas Smith 2020-06-18 These twenty-six stories are presented from my point of view, the truth as I have observed it, in others as well as myself. They are written as creative non-fiction, which tries to tell a riveting story using the techniques of fiction, but sticking with the truth. So when I

change the name of a character, like "Honest Murph" the trader in My \$75,000 Banjo, I say, "So, a few days later, we rode out to see a man I'll call "Honest Murph, the Banjo Trader." Many times I must rely solely on memory. The graduate-level grilling I took, in Oral Examination, has been stored there since 1970, more an embarrassment than in the diction of the committee. So, after I introduced Dr. Grabow, Dr. Los Angeles, and Mr. Minnesota, I warned the reader, "Here's part of the re-created discussion." Even in stories based on interviews or diary notes, memory is not totally reliable because selective perception interferes when the memory is stored, and selective retention interferes when the memory is recalled. So, like the shoe salesman who only sees feet and stores their owners as the 6A, the 12D, and so on, I can only claim provisional truth for my recollections, even with the story The Man with No Umbrella, which I wrote down almost immediately after an amazing

conversation at the bank. Three of the stories did not come from my memory. Joseph's Dilemma originated in the Bible. A Tattered Coat came from a man in Burnsville, NC, who heard it firsthand as a youngster. That Willy Privette Sure Did Fly comes from the Sheriff's Deputy who was a friend of the man involved. As Much As Words Can Tell is set in the towns where I have lived in North Carolina, South Carolina, Ohio, Virginia, with homefolks who lived or shared stories. Words are never enough, but they are the best tool we have for sharing what we hold in our hearts. Here are the stories, grouped by theme: -The Man Who Wrote Teddy Bear, The Tattered Coat, The Woman With Two Voices, Rolling Your Own, The Dream I Can't Forget, What Jerry Saw, and How the Truth Found Me deal with a reality unperceived by the naked eye. -Promises Kept, Harmless as Doves, Silencing a Scammer, and Your Sin Will Find You Out show characters in various stages of self-deceit. -Joseph's Dilemma, The Man Who

Took a Life, and The Man With No Umbrella feature good men making the best life-wrenching circumstances.-Oral Examination, Old Winter's Grace, Where the Camera Led, and My \$75,000 Banjo remind me "experience is a dear teacher."-From a House to a Home and That Willy Privette Sure Did Fly show the glory of hope restored.-Two Bozos and the Truth and Uncle Lon's Last Car deal with late-learned and happy truths about members of my own family. - Carrying the News, and Sunday Work present portraits of my Daddy, L.C. Smith; The School for Liars and Promises Kept, those of my Mama, Virginia Smith. -Bugs in My Ear deals with the pros and cons of DIY medication.When I was ready to hear them, almost all of these stories flowed into my mind so fast I could barely type fast enough to get them down. I was the receiver-not the conceiver of them. I believe that writing is a spiritual activity, that every writer has a Muse, who should be thanked. I deal with Him in the dedication. I truly hope you will be

able to catch the spark of the Muse, His joy, glory, power, and unconditional positive regard, which the stories bore when He gave them to me. If so, my hopes for this little book will be fulfilled. Peace, Leon Smith

The Woman Who Could Not Forget: Iris Chang Before and Beyond The Rape of Nanking Ying-Ying Chang 2012-07-01 The poignant story of the life and death of world-famous author and historian Iris Chang, as told by her mother. Iris Chang's best-selling book The Rape of Nanking forever changed the way we view the Second World War in Asia. It all began with a photo of a river choked with the bodies of hundreds of Chinese civilians that shook Iris to her core. Who were these people? Why had this happened and how could their story have been lost to history? She could not shake that image from her head. She could not forget what she had seen. A few short years

later, Chang revealed this "second Holocaust" to the world. The Japanese atrocities against the people of Nanking were so extreme that a Nazi party leader based in China actually petitioned Hitler to ask the Japanese government to stop the massacre. But who was this woman that single-handedly swept away years of silence, secrecy and shame? Her mother, Ying-Ying, provides an enlightened and nuanced look at her daughter, from Iris' home-made childhood newspaper, to her early years as a journalist and later, as a promising young historian, her struggles with her son's autism and her tragic suicide. The Woman Who Could Not Forget cements Iris' legacy as one of the most extraordinary minds of her generation and reveals the depth and beauty of the bond between a mother and daughter.

Blank Canvas Marcy Gregg 2022-04-19 When Marcy Gregg awoke from a coma, 13 years had vanished from her memory. She was 30 years old; she thought she was still 17. She didn't recognize the man who introduced himself as her husband. She stared at pictures of the three children they said were hers, trying desperately to remember them, but her mind was blank. Terrified and confused, Marcy did the only thing she could think of: she faked it. She told the doctors she was starting to remember and bluffed her way through visits from friends and family. Against all odds, it worked: she was

released to a home, family, and life she should have known intimately--but seemed to be a stranger's. How was she going to pull off the biggest acting challenge imaginable--and would her memories ever return? Ghost Boy meets What Alice Forgot in this amazing true story of a woman who lost herself and tried to fight her way back on her own--but who found unexpected beauty in hope, faith, and second chances.

Miracles We Have Seen Harley Rotbart

2016-09-13 This is a book of miracles--medical events witnessed by leading physicians for which there is no reasonable medical explanation, or, if there is, the explanation itself is extraordinary. These dramatic first-person essays detail spectacular serendipities, impossible cures, breathtaking resuscitations, extraordinary awakenings, and recovery from unimaginable disasters. Still other essays give voice to cases in which the physical aspects were less dramatic than the emotional aspects, yet miraculous and transformational for everyone involved. Positive

impacts left in the wake of even the gravest of tragedies, profound triumphs of heart and spirit. Preeminent physicians in many specialties, including deans and department heads on the faculties of the top university medical schools in the country describe, in everyday language and with moving testimony, their very personal reactions to these remarkable clinical experiences. Among the extraordinary cases poignantly recounted by the physicians witnessing them: A priest visiting a hospitalized patient went into cardiac arrest on the elevator, which opened up on the cardiac floor, right at the foot of the cardiac specialist, at just the right moment. A tiny premature baby dying from irreversible lung disease despite the most intensive care who recovered almost immediately after being taken from his hospital bed and placed on his mother's chest. President John F. Kennedy's son Patrick, who died shortly after birth, and whose disease eventually led to research that saved generations of babies. A

nine-year-old boy who was decapitated in a horrific car accident but survived without neurological damage. A woman who conceived and delivered a healthy baby--despite having had both of her fallopian tubes surgically removed. A young man whose only hope for survival was a heart transplant, but just at the moment he developed a potentially fatal complication making a transplant impossible, his own heart began healing itself. A teenage girl near death after contracting full-blown rabies who became the first patient ever to recover from that disease after an unexpected visit by Timothy Dolan, the man who would go on to become the Archbishop of New York. Wyoming Wildflowers Trilogy Boxed Set contemporary western romance series

Patricia McLinn 2014-03-09 Wildflowers have to be strong and resilient to bloom amid the rugged beauty of Wyoming - and so do the women. Wyoming Wildflowers Trilogy - Three books in this one volume! Almost a Bride (Indian Paintbrush) Match Made in Wyoming (Fireweed) My Heart Remembers (Bur Marigold) ALMOST A BRIDE Dave Currick was everything Matty Brennan wanted for as long as she could remember. Right up until he broke her heart six years ago. Now that she's returned to Wyoming and her small-town home for good, what she wants more than anything is to save her family's ranch. Even if that means swallowing her pride and asking Dave to marry her. Matty's up to something - Dave knows that much. Just as he knows that Matty needs help, so of course he'll

provide it, just as he did all the time they were childhood sweethearts. Doing what's best for Matty is second nature. Even when it comes to agreeing to a marriage of convenience. Although he can't resist one hot-blooded kiss after the I-dos. Maybe - just maybe - his Matty will become more to him than Almost a Bride. MATCH MADE IN WYOMING When fire ravages Wyoming land, fireweed is among the first plants to return, brightening the blighted area with the joy of its blooms. Can Taylor Anne Larsen pull off a similar miracle for the pain-ravaged heart and disbelieving soul of ranch foreman Cal Ruskoff? Armed with the same grace and grit as the wildflower fireweed, Taylor also has allies - a matchmaking friend, the Wyoming winter, high-octane mutual attraction, and a rescued puppy who slips past Cal's defenses. Cal might give in to passion temporarily, but from behind the wall he's built around his past and his secrets, he's certain Taylor is all that he can't let himself have. And he'll use all his weapons to keep her

out. MY HEART REMEMBERS Lisa Currick was once as bright and open as the sunny Bur Marigold wildflower of her native Wyoming. That's how New York City Detective Shane Garrison has remembered her since she figured in his first investigation eight years ago. But when he arrives in her hometown determined to resolve the final element of that case, he discovers the girl he's remembered has become a very different woman. Once open-hearted and artistic, Lisa has put all that aside for a life of order and discipline. And Shane wants to know why. He can't forget the girl, but he's fascinated by the woman who challenges him to find answers inside himself. The western contemporary romance bundle Wyoming Wildflowers Trilogy brings together three complete novels that combine heartfelt emotion, passion, and romantic comedy from award-winning and USA Today bestselling author Patricia McLinn. The Girls Who Stepped Out of Line Mari K. Eder
2021-08-03 For fans of Radium Girls and history and WWII buffs, *The Girls Who Stepped Out of*

Line takes you inside the lives and experiences of 15 unknown women heroes from the Greatest Generation, the women who served, fought, struggled, and made things happen during WWII—in and out of uniform, for theirs is a legacy destined to embolden generations of women to come. The Girls Who Stepped Out of *Line* are the heroes of the Greatest Generation that you hardly ever hear about. These women who did extraordinary things didn't expect thanks and shied away from medals and recognition. Despite their amazing accomplishments, they've gone mostly unheralded and unrewarded. No longer. These are the women of World War II who served, fought, struggled, and made things happen—in and out of uniform. Young Hilda Eisen was captured twice by the Nazis and twice escaped, going on to fight with the Resistance in Poland. Determined to survive, she and her husband later emigrated to the U.S. where they became entrepreneurs and successful business leaders.

Ola Mildred Rexroat was the only Native American woman pilot to serve with the Women's Airforce Service Pilots (WASP) in World War II. She persisted against all odds—to earn her silver wings and fly, helping train other pilots and gunners. Ida and Louise Cook were British sisters and opera buffs who smuggled Jews out of Germany, often wearing their jewelry and furs, to help with their finances. They served as sponsors for refugees, and established temporary housing for immigrant families in London. Alice Marble was a grand-slam winning tennis star who found her own path to serve during the war—she was an editor with Wonder Woman comics, played tennis exhibitions for the troops, and undertook a dangerous undercover mission to expose Nazi theft. After the war she was instrumental in desegregating women's professional tennis. Others also stepped out of line—as cartographers, spies, combat nurses, and troop commanders. Retired U.S. Army Major General Mari K. Eder wrote this book because

she knew their stories needed to be told—and the sooner the better. For theirs is a legacy destined to embolden generations of women to come.

[A Train in Winter](#) Caroline Moorehead

2011-11-01 “How can you do this work if you have a child?” asked her mother. “It is because I have a child that I do it,” replied Cecile. “This is not a world I wish her to grow up in.” On January 24, 1943, 230 women were placed in four cattle trucks on a train in Compiègne, in northeastern France, and the doors bolted shut for the journey to Auschwitz. They were members of the French Resistance, ranging in age from teenagers to the elderly, women who

before the war had been doctors, farmers' wives, secretaries, biochemists, schoolgirls. With immense courage they had taken up arms against a brutal occupying force; now their friendship would give them strength as they experienced unimaginable horrors. Only forty-nine of the Convoi des 31000 would return from the camps in the east; within ten years, a third of these survivors would be dead too, broken by what they had lived through. In this vitally important book, Caroline Moorehead tells the whole story of the 230 women on the train, for the first time. Based on interviews with the few remaining survivors, together with extensive research in French and Polish archives, *A Train in Winter* is an essential historical document told with the clarity and impact of a great novel. Caroline Moorehead follows the women from the beginning, starting with the disorganized, youthful and high-spirited activists who came together with the Occupation, and chronicling their links with the underground intellectual

newspapers and Communist cells that formed soon afterwards. Postering and graffiti grew into sabotage and armed attacks, and the Nazis responded with vicious acts of mass reprisal – which in turn led to the Resistance coalescing and developing. Moorehead chronicles the women’s roles in victories and defeats, their narrow escapes and their capture at the hands of French police eager to assist their Nazi overseers to deport Jews, resisters, Communists and others. Their story moves inevitably through to its horrifying last chapters in Auschwitz: murder, starvation, disease and the desperate struggle to survive. But, as Moorehead notes, even in the most inhuman of places, the women of the Convoi could find moments of human grace in their companionship: “So close did each of the women feel to the others, that to die oneself would be no worse than to see one of the others die.” Uncovering a story that has hitherto never been told, Caroline Moorehead exhibits the skills that have made her an acclaimed

biographer and historian. In this book she places the reader utterly in the world of wartime France, casting light on what it was like to experience horrific terrors and face impossible moral dilemmas. Through the sensitive interviews on which the book is based, she tells personal and individual stories of courage, solace and companionship. In this way, *A Train in Winter* ultimately becomes a valuable memorial to a unique group of heroines, and a testimony to the particular power of women’s friendship even in the worst places on earth. Nothing Extraordinary Amy Lynn Hess
2011-10-22 This short book is a collection of character studies set to the short story form. Hess explores the complexities of relationships between men and women, and the way men and women live with, and without, listening to one another. This collection includes "Nothing Extraordinary," the story of one Mr. Sissue, who just can't seem to get a handle on love or life. It also includes "The One Homeless Woman of Athens, Ohio," a story that explores a winning

moment in the life of that one woman. The third story, "Mrs. Gumblebee," serves as a warning for all those who misplace their passion. The last story, but certainly not to be overlooked, is "Evelyn's New Car," a story that vicariously spits in the eye of all fast-talking salesmen who forget to listen to their customers.

I Can't Remember Cynthia Macdonald 1997
